Semi-Annual Report on SREP Operations

The Sub-Committee reviewed document SREP/SC.7/4, Semi-Annual Report on SREP Operations, and takes note of the progress that has been made in advancing the work of the SREP in the pilot countries. The Sub-Committee requests that future operational reports include a traffic light system similar to those used in FIP and PPCR reporting, a qualitative analysis of the progress being achieved, and more detailed information on the projects under development, including remarks on the progress being made in each project and information on co-financing.
