5. The Sub-Committee also requests the CIF Administrative Unit to include in the next semi-annual operational report a section on how gender considerations have been included in PPCR projects and programs. In addition, the Sub-Committee requests information on how the five PPCR core indicators are linked to the PPCR investment plans.

6. The Sub-Committee further requests IFC to provide, at the end 2013, an update on the feasibility of the IFC investments which have been in the PPCR pipeline for more than 24 months.

7. The PPCR Sub-Committee takes note of the changes in Cambodia’s Strategic Program for Climate Resilience and invites the Government of Cambodia to submit its revised investment plan for endorsement through a decision-by-mail.

The Sub-Committee invites the EBRD to prepare, in collaboration with the project proponents and taking into account any written comments submitted by Sub-Committee members by November 15, 2013, project proposals for approval by mail of PPCR funding.

b) also endorses, subject to incorporation of conditions set forth in the expert review and resolution of concerns raised by the Sub-Committee in its written comments to be submitted by November 15, 2013, the following project concepts to be further developed for PPCR funding approval:

i. **Support for the building of a climate resilient sorghum supply chain**, (IDB) in Haiti;

The CIF Administrative Unit is requested to organize the second round in accordance with the agreed revised procedures with a view to the selection of project concepts at the next Sub-Committee meeting. The concepts to be reviewed by the expert group for the second round may include revisions of the two concepts referred back for further development and resubmission (the concept for a regional project: Supporting adaptation and resilience in Africa, and the concept for Dominica: Community climate change adaptation projects: coastal zone protection, slope stabilization and livelihood enhancement) and any new proposals submitted by the end of April 2014. The Sub-Committee notes that at least $30 million in concessional lending is available for the second round.

**AGENDA ITEM 5. APPROACHES AND CRITERIA FOR CONSIDERING POTENTIAL NEW PILOT COUNTRIES**

12. The PPCR Sub-Committee welcomes document PPCR/SC.13/5, Approaches and Criteria for Considering Potential new Pilot Countries. 13. The Sub-Committee also agrees that in addition to new countries or regional pilots, consideration could be given to: (a) deepening existing pilot programs; (b) using existing pilot countries as a “hub” on which to expand to a regional program; (c) more private sector engagement and the use of a different mix of financial instruments, and (d) further rounds under the private sector set aside.

14. The CIF Administrative Unit, in collaboration with the MDB committee, is invited to prepare a paper exploring possibilities for the use of new funds, should they become available under the PPCR, for consideration by the Sub-Committee.
